Thank you, Rick. I had some connectivity issues but back online now. Made one update (changing sampling at "any" home with a LSL to providing a materials inventory identifying at least 60 locations with LSLs and then conducting a regulatory round of monitoring from those homes.

Will send these up the chain momentarily. Thanks, all!

I made a few changes, but tried to keep them to a minimum. Let me know if you have any thoughts or if you've already added them. Plan is to send this to HQ by COB today.

Thanks,
